

GUSTAFER YELLOWGOLD

GUSTAFER YELLOWGOLD ARTS ENRICHMENT PROGRAMS (K-12)

SONGWRITING and CARTOONING/ILLUSTRATION

The **Songwriting** workshop is a journey into the art of song. Students learn about popular song form, study lyric writing including melody, rhythm, cadence and rhyme while writing their first songs in a workshop setting. All students are encouraged to participate and contribute to the process as Morgan leads the group in a fun and creative experience. Songs are recorded during the session.

In the **Cartooning/Illustrating** workshop Morgan guides students through "step-by-step character building" tasks/projects, focused around his own work on Gustafer Yellowgold. Workshops range

SONGWRITING WORKSHOP AT UCDS, SEATTLE, WA.

CHARACTER DEVELOPMENT WORKSHOP AT ST MARY AND ST BENEDICT'S RC PRIMARY SCHOOL, COVENTRY, UK.

from basic "How to draw Gustafer" to more in-depth explorations of sequential panel art, plot basics and character creation and development. Topics include anatomy, character study and development. The focus of each workshop is customized for different age groups and needs.

The songs and illustrations that are created during the workshops can be presented in an impressive slideshow in conjunction with a performance of Gustafer Yellowgold's Show to the school and families.

EMOTIONAL LITERACY

Emotional literacy materials are available and can be sent in advance to schools, together with a package of all four DVD/CD sets with which teachers can familiarize the children with the material, using the worksheets as a basis for an emotional literacy/Gustafer focused class. Children can then collect and compose their own questions for Morgan during his visit.

GOLDEN HEART SYMPHONY

Full orchestral charts are available for a selection of Gustafer Yellowgold songs, for performances by school orchestras, with Morgan Taylor and The Yellowgold Band.

ORCHESTRA REHEARSAL AT SAN FRANCISCO SCHOOL FOR THE ARTS, SAN FRANCISCO, CA.
